Kiss of Thanks

He had just saved her from a fire in her house, rescuing her by carrying her out of the house into her front yard, while he continued to fight the fire.

She is pregnant.

When he finally finished putting the fire out, he sat down to catch his breath and rest.

A photographer from the Charlotte, North Carolina newspaper, The Observer, noticed her in the distance looking at the fireman.

He saw her walking straight for the fireman and wondered what she was going to do.

As he raised his camera, she came up to the tired man who had saved her life and the lives of her babies and kissed him just as the photographer snapped this photograph.

And people say dogs are dumb.

Submitted by several members, thank you.

The Family Dog

The family's dog was bought for a guard,
Chained to a post in a chilly backyard,
Housed in a shed that was airless and dark,
And every few weeks had a run in the park.
When boredom set in with no fun and no work,
One day it broke loose and went quietly berserk.
Pa couldn't fathom just why it went wild,
It flattened his wife and then bit his child.
The police were called in to sort out the mess,
And the whole story was revealed by the press.
The Rescue Society was really annoyed.
So, the dog was re-homed and the owners destroyed.
